Welcome to Our New Look

We are thrilled and pleased to announce the re-branding CME Credit Union. We hope you agree, the new look holds true to our rich and stoic tradition of serving the City of Cranston and its School Employees, while at the same time moves us forward to proudly serve the greater Rhode Island community.

You might be wondering where the new design came from. Last year we held a contest among Cranston High School East and West students. The winning design came from Aden Thorp, a Senior and Honors Student at Cranston High School West.

Her winning design moves our current brand/logo to a modern look symbolizing our past, present and future. As Aden describes it, "the three circles represent timelessness, totality and infinity while representing the possibilities our members look for in life. The overlapping circles embodies inclusion in our cooperative, providing opportunities for everyone who becomes part of our CME CU family".

We are excited to travel the road ahead while at the same time never losing sight of where we have been. Wherever the future takes us, one thing you can count on is CME CU is the only place "Where Your Story Matters".
